

NILFISK POWER - SIMPLY THE POWER YOU NEED!

CONCENTRATED POWER

HEPA FILTRATION

SILENT

ROBUST DESIGN

POWERFUL, ELEGANT & VERY ROBUST

The impressive performance defies the compact size – making it ideal for people who live in flats or wherever space is a premium. Vacuuming stairs is easy.

NILFISK Power is designed by Nadya Arnaut from Designworks / USA to be aesthetically pleasing, yet very functional at the same time. The powerful motor means excellent cleaning results, while the HEPA filter traps unwanted allergens and dust mites. The allergy model - NILFISK Power Allergy - is recommended by AFPRAL, the French Allergy Foundation for its HEPA H13 allergy filter.

Cleaning is as easy and as pleasant as it can be. NILFISK Power is so silent that vacuuming doesn't bring everything to a standstill.

Strict guidelines from the well-known Swedish consumer organisation mean functions are durability tested thousands of times. NILFISK Power is constructed from the strongest materials giving it robustness to last and last.
