

- 💧 Dual-stage filtration
  - Copper zinc + Carbon media
- 💧 Over 90% of chlorine removal
- 💧 Volatile chemicals reduction
- 💧 10,000 gallon capacity
- 💧 Upflow design
- 💧 Easy installation & replacement

Made in USA

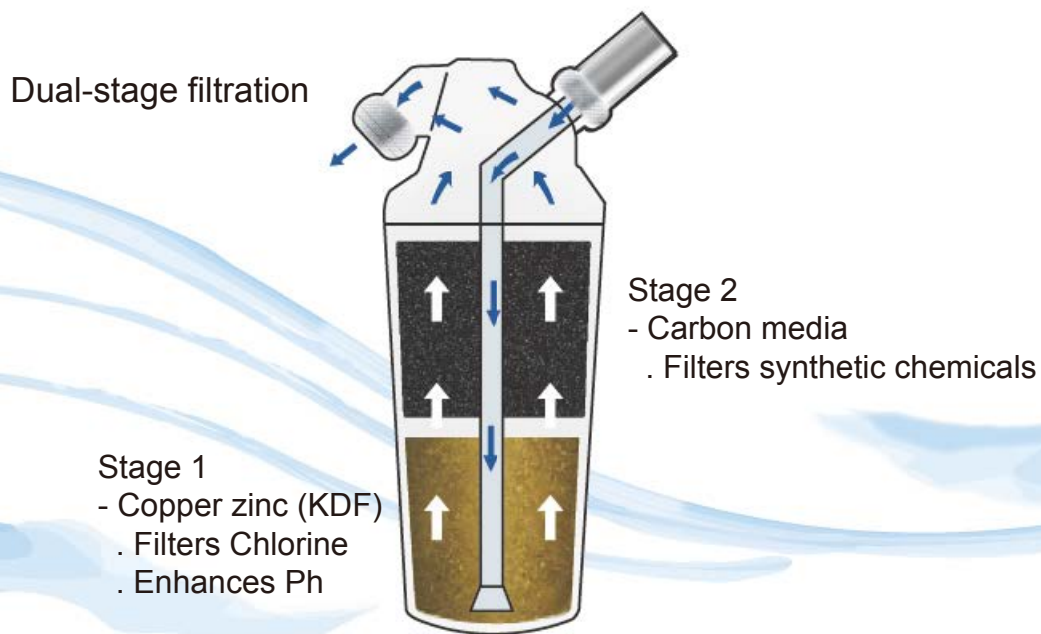

The BPA-free Aquasana AQ-4100CA Shower Filter removes harmful synthetic chemicals and chlorine in your water

Do not use with water that is microbiologically unsafe or of unknown water quality without adequate disinfection before or after the system.

This system is not for use as a drinking water treatment unit.

The unique two-stage shower filter system uses a combination of copper-zinc oxidation media and coconut shell carbon to reduce 91% of the chlorine in your water, and also reduces synthetic chemicals and enhances pH balance.

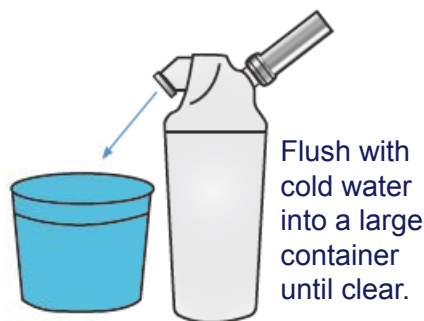

Aquasana shower filter system  
Model: AQ-4100CA
